Honorable,
Head of the Photographic Arts Federation of Turkiye (TFSF), Seva Ulukan. Chairperson of the Indonesian Photographic Association Federation (FPSI), Agatha Anne Bunanta, MBA. Deans, Assistant Deans, Heads of Study Programs, and Officials within the Faculty of Recording Media Arts ISI Yogyakarta. Invited Guests and my dear students,

First, let us express our gratitude to God Almighty for His grace and blessings; we can gather together in this special event, the International Photography Exhibition "The Beauty of Turkiye."

This international photography exhibition is organized through the synergy of the Photographic Arts Federation of Turkiye (TFSF), the Indonesian Photographic Association Federation (FPSI), and the Indonesian Institute of Arts (ISI) Yogyakarta. The exhibition is held to strengthen cultural relations and diplomacy between Turkey and Indonesia.

Photography was chosen as a medium capable of introducing Turkish and Indonesian culture, traditions, and daily life. Photography is a medium that can capture and convey messages,

emotions, and stories in a universal way that transcends language barriers. By viewing the photos displayed at the exhibition “The Beauty of Turkiye”, visitors can learn about the culture and traditions or even understand the messages intended by the photographers without needing to understand the language of the Turkish people.

The International Photography Exhibition “The Beauty of Turkiye” is not only aimed at showcasing photographic works that depict the uniqueness of each country’s culture but also at opening a space for artistic dialogue and strengthening bilateral relations in the fields of culture and visual arts between the two countries.

The Indonesian Institute of Arts Yogyakarta feels very honored to be part of this collaboration. As an art institution committed to preserving and developing cultural arts, we always support initiatives that prioritize collaboration, innovation, and appreciation of art in all its forms.

To the Chairperson of the Photographic Arts Federation of Turkiye (TFSF), the Chairperson of the Indonesian Photographic Association Federation (FPSI), and the Dean of the Faculty of Recording Media Arts ISI Yogyakarta, I would like to express my utmost pride and appreciation for the successful organization of this exhibition, and I hope the collaboration can continue.

I also want to congratulate the photographers, lecturers, and students whose works have been selected for display at the International Photography Exhibition “The Beauty of Turkiye”. May the messages conveyed through the exhibited photos be received by everyone present, inspiring them to appreciate the beauty of harmony in the diversity of Turkish and Indonesian cultures.

In closing, I would like to thank all parties who have worked hard to make this event a success. To the attendees, enjoy the exhibited works. May this exhibition be a momentum

that strengthens cultural relations and diplomacy between Turkey and Indonesia.

*Wassalamu'alaikum Warahmatullahi Wabarakatuh,
Peace be upon us all,

***“Photography is the only language that can be understood
anywhere in the world.”***

- Bruno Barbey -

Friendship is a powerful force, transcending borders, languages, and even differences. It is the bridge that connects our hearts and minds, enabling us to understand and appreciate one another. Based on that foundation, I contacted Sefa Ulukan, the President of Photographic Arts Federation of Turkiye (TSFS) and shared the idea of having a friendship exhibition, exchanging print images between two Federation and two FIAP exhibition Center : Gallery Pandeng at Indonesia Institute of the Arts of Yogyakarta (ISI-Yogyakarta) in Yogyakarta, Indonesia and TFSF-FIAP exhibition Center In Ankara, Turkiye.

This is the first event for both Exhibition Center, that we exchange print collection between us since the establishment of 1st Indonesia FIAP Exhibition Center in 2021 and Ankara TFSF-FIAP Exhibition Center in 2017.

“The Beauty of Turkey” displays total 90 images which 65 images from the members of TFSF, 15 images from FPSI and 10 images from ISI-Yogyakarta.

This is the 1st part of the whole event where the 2nd exhibition will be held in Ankara, Turkiye on March 2025. The Indonesia part of the Friendship Exhibition displays 65 images that shows the beautiful Turkiye and 25 images show the richness of the Indonesia tradition and cultures. While the 2nd part of the exhibition in Ankara will focus on Indonesia with the theme “The Beauty of Indonesia”

In the past, TFSF had a cooperation with Indonesia community in 2011 to held a virtual exhibition in FIAP Exhibition Center in Ankara, a cooperation between Art Photography of Indonesia and Candra Naya Photographic Society, both are members of FPSI.

Indonesia and Turkiye, eventhough seems worlds apart—one situated in Southeast Asia while the other straddling Europe and Asia- shared the same values, cultural richness, and a spirit of resilience that defines us both. Indonesia and Turkiye boast rich histories and traditions that have shaped our identities. Each countries in this event show their unique cultures.

All images are a reflection of the beauty of each nation that can promote tourism for each countries. Each cultures may differ in expression, but the underlying passion for art, connects us in a way that transcends borders.

Please allow me to express my sincere gratitude to Photographic Arts Federation of Turkiye (TSFS) especially the President, Sefa Ulukan for a strong collaboration. His exceptional leadership and cooperation makes this exhibition possible.

Also to the Faculty of Recorded of Media Arts of ISI-Yogyakarta, especially the Dean, Edial Rusli for the unwavering support. High appreciation to all participants from both countries that believe photography unites us.

Let us celebrate the friendship between Federation, FIAP Exhibition Center and countries : Indonesia and Turkiye.

May we continue to foster connections that strengthen our bonds in photography community. Together, we can create a world where friendship serve as a foundation for collaboration and cooperation.

Dear Photography Friends,

Although the Photographic Arts Federation of Turkiye, whose short name is TFSF, has an official history of only 21 years, it has an organizational history of more than forty years. With the legal conditions allowing, the federation was established by initially bringing together 14 photography associations across the country. Today, 65 photography associations from 36 cities across the country are members of TFSF and it has thousands of photography-loving members. This organization, which is the first and only art federation of our country, was approved by the decision of the Council of Ministers for the "Türkiye" used at the beginning of its name.

TFSF is also an active and operational member of the International Federation of Photographic Art, FIAP. Three of the 5 existing FIAP Exhibition Centers in Turkey belong to TFSF and its member associations. In addition to being the approval center for around 150 national or international photography competitions held in the country throughout the year, TFSF also provides infrastructure services through software developed by its own members.

Many international and national exhibitions, such as this exhibition we organized with the Federation of Photographic Society of Indonesia, are held regularly with other countries throughout the year. For this exhibition, which I act as curator, a competition was held that was open only to the participation of our member association members, and approximately 300 people uploaded nearly 900 photographs to the system. Together with the jury members consisting of TFSF Board of Directors members Mehmet Kılıçoğlu, Onur Demirkapı and Şevki Silan, we determined the 65 photographs that we present to you. We wanted to introduce you to the magnificent geography of our country, where you can experience four seasons at

the same time, and our warm-hearted, hospitable people, starting from Göbeklitepe, which is now considered the starting point of history, and carrying thousands of years of historical accumulation. We hope you will like it. We will always be happy to see you and your photos in our country.

As the Chairman of the Board of Directors of the Turkish Photographic Art Federation, I offer you my love and respect on behalf of my entire management.

*Assalamualaikum warahmatullahi wabarakatuh,

Greetings of Virtue.*

Dear Rector of the Indonesian Institute of the Arts Yogyakarta,
Respected Leaders of the ISI Yogyakarta Community,
Representatives from the Photographic Arts Federation of Turkiye (TFSF),
Representatives from the Federation of Indonesian Photography Associations (FPSI),
Distinguished Lecturers, Professional Artists, and Honored Guests,

Let us offer our praise and gratitude to God Almighty, for His blessings and grace have allowed us to gather here and witness the International Photography Exhibition titled “The Beauty of Turkiye” held at the Faculty of Recorded Media Arts, ISI Yogyakarta. Photography is a medium that transcends linguistic boundaries. It communicates in a universal language, capable of capturing and conveying messages, emotions, and stories in unparalleled ways. Through photography, we can learn about the cultures, traditions, and daily lives of people from various parts of the world. Hence, this exhibition is not only a platform for art appreciation but also a means of cultural diplomacy that strengthens relationships between nations.

The theme “The Beauty of Turkiye” showcased in this exhibition provides us with an

opportunity to explore and appreciate the beauty of Turkiye, a country rich in history, culture, and traditions that reflect a harmonious blend of East and West. Furthermore, the collaboration between the Photographic Arts Federation of Turkiye, the Federation of Indonesian Photography Associations, and ISI Yogyakarta underscores a shared commitment to strengthening bilateral ties through visual art.

This exhibition features 90 photographic works that represent the perspectives and souls of photographers from Turkiye and Indonesia. Each piece tells a unique story, presenting stunning panoramas of culture, tradition, and landscapes. We hope that through these works, visitors can experience the beauty, cultural richness, and noble values that define both nations.

We also deeply appreciate the involvement of both professional and amateur photographers who have contributed to this exhibition. This event serves not only as a platform for art appreciation but also as a space for exchanging experiences, broadening horizons, and building networks within the world of photography.

Finally, I extend my heartfelt thanks to all parties who have contributed to the organization of this exhibition. May this event not only become a moment to strengthen cultural ties between Indonesia and Turkiye but also inspire us all to continue creating and upholding the values of art.

Enjoy the “The Beauty of Turkiye” exhibition. May the displayed works leave a lasting impression and foster greater appreciation for the art of photography.
